

# HELP ORGANIZE ECOTOPIA BIKE TOUR 2015

## NORTHERN EUROPE

Ecotopia Biketour is a self-organized, international community that organizes a yearly biketour in different regions of Europe and has done since 1990. During the tour we visit projects of an environmental or social nature and we practice forms of activism and sustainable living. We follow a vegan diet, practice consensus decision making and encourage skill-sharing. Ecotopia Biketour is for anyone interested in travelling by bike, community life, DIY, environmentalism and experiential learning.

The region where Ecotopia Biketour 2015 is going to take place is Scandinavia and The Baltic States and could include Denmark, Sweden, Norway, Finland, Latvia, Estonia and Lithuania. The organization of this year's biketour is going to be open and horizontal and no funds will be taken. We welcome participation, no matter how big or small, from anyone; past participants as well as people who have never participated before, local and regional contacts as well as coordinators working remotely.

If you are part of or know any projects that could host us for a few days or meet with us in any of the countries we are planning to visit help us by making a connection. To kickstart the organization process we are holding an Autumn Meeting in Copenhagen, Denmark between Friday the 28th of November and Monday 1st of December. Send us an e-mail If you'd like to attend or participate via Skype. You are welcome to join at any point of the preparation, even if you cannot attend.
