

ECOTOPIA BIKETOURL

NORTHERN EUROPE

2015

HELP ORGANIZE OUR
DIY PEDAL-POWERED
ACTIVIST COMMUNITY

Ecotopia Biketour is a self-organized, international community that organizes a yearly biketour in different regions of Europe and has done so since 1990. During the tour we visit projects of an environmental or social nature and practice forms of activism and sustainable living. We follow a vegan diet, practice consensus decision making and encourage skill-sharing. Ecotopia Biketour is for anyone interested in travelling by bike, community life, DIY, environmentalism and experiential learning.

The region where Ecotopia Biketour 2015 is going to take place is Scandinavia and the Baltic states and could include Denmark, Sweden, Norway, Finland, Latvia, Estonia and Lithuania. The organization of this year's biketour is going to be open and horizontal. We welcome participation, no matter how big or small, from anyone; past participants as well as people who have never participated before, local and regional contacts as well as coordinators working remotely.

If you are part of or know any projects that could host us for a few days or meet with us in any of the countries we are planning to visit, help us by making a connection. If you want to translate texts, design flyers, respond to e-mails or find sources of funding, let us know.

Contact us by writing to 2015@ecotopiabiketour.net and find out more about us on:
