Ecotopia

Biketour

is a self-organized,  
international community  
that has been organizing  
a yearly bicycle tour in different  
regions of Europe since 1990.

During the tour we visit environmental and  
social projects and practice forms of activ-  
ism and sustainable living. We follow a vegan diet,  
practice consensus decision making and share skills by  
doing workshops. One of our core values is to create a  
non-discriminatory environment.

Ecotopia Biketour is for anyone interested in travelling by  
bike, community life, DIY, environmentalism and learning by  
experience.
